A note from Mrs. Schmeltzer

Happy New Year! As I reflect on the past year at Edison, I have some exciting **positive** data points to share:

Panorama Survey: A survey taken by 3rd - 6th graders assessing their social and emotional competencies.

Our greatest increase: Teacher-Student Relationships --> 10 point increase

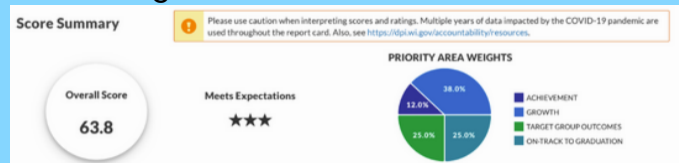

State Report Card: A snapshot of the school's academic progress, as well as its efforts to close achievement gaps and prepare students for college and careers.

Overall Score: 2.6 point increase

Our greatest increase:

On-track to graduation --> 3.2 point increase

These are just a few points of pride over the last calendar year. I am so proud of the growth, support and achievement of our Edison community. Thank you for being part of our journey toward continued success.
