A note from Mrs. Schmeltzer

We are pleased to invite you to a collaborative learning event on Tuesday, March 19th. This event provides a valuable opportunity to engage with your child's teacher and fellow parents in the classroom setting. During the first portion, we will focus on academic progress, discussing assessments and collaborative strategies to support your child's continued success throughout the remainder of the school year. Then your child will join you to share their learning by introducing a new math and literacy game to you in the classroom. These games will be provided for you to take home, allowing you to further engage with your child and solidify their understanding through continued practice.

The total duration of the event is 40 minutes. Each grade level event is at a different time of day depending on student schedules. You will see your child's time on your paper flyer that comes home today. We understand the demands on your time, and we hope you will be able to join us in this meaningful partnership for the benefit of your child's educational journey.

Sincerely,
Katie Schmeltzer

WANT TO GET INVOLVED? We'd love to have
more people involved in the PTO! We're
especially looking for people who will be
interested in taking on crucial roles
(Coordinator and Treasurer) within the next
two years. You can email
edisonchargerspto@gmail.com, or text
Laney French at 504-473-0481 to get
connected. Most of our communication
and coordination is via email, though we
meet in person about twice a year. Some
people do a little, some do a lot, and
everyone is welcome to be involved
however they'd like.
